

Bumblebees of Ireland

National Biodiversity Data Centre

Documenting Ireland's Wildlife

www.biodiversityireland.ie

Bumblebees are vital pollinators and a key component of Ireland's biodiversity. There are 21 different species.

The National Biodiversity Data Centre is mapping their distribution and tracking how populations are changing. Help by recording your sightings at: records.biodiversityireland.ie

Bombus barbutellus
(Barbut's cuckoo bee)

Bombus bohemicus
(Gypsy cuckoo bee)

Bombus campestris
(Field cuckoo bee)

Bombus cryptarum
(Cryptic white-tailed bee)

Bombus distinguendus
(Great yellow bumblebee)

Bombus hortorum
(Garden bumblebee)

Bombus hypnorum
(Tree bumblebee)

Bombus jonellus
(Heath bumblebee)

Bombus lapidarius
(Red-tailed bumblebee)

Bombus lucorum
(White-tailed bumblebee)

Bombus magnus
(Mountain white-tailed bee)

Bombus monticola
(Mountain bumblebee)

Bombus muscorum
(Large carder bee)

Bombus pascuorum
(Common carder bee)

Bombus ruderarius
(Red shanked carder bee)

Bombus rupestris
(Red-tailed cuckoo bee)

Bombus sylvarum
(Shrill carder bee)

Bombus sylvestris
(Forest cuckoo bee)

Bombus terrestris
(Buff-tailed bumblebee)

Bombus vestalis
(Southern cuckoo bee)

Bombus pratorum
(Early bumblebee)
